- There are some facility tables and chairs that are available for use. Quantities may vary depending on rental date, so you may want to consider renting extra tables and chairs.
- Soledad Pool staff will facilitate a timely exit by clearing the pool twenty (20) minutes or thirty (30) minutes prior to the end of time of rental contract depending on Renter's preference on the day of the rental, prior to start of the party. This allows renters to clean up and guests to shower before leaving the facility.

This is for their safety.

### Additional Rules Not Posted

There are additional rules that are not posted but that are always enforced for the safety of all our patrons and your guests, the longevity of our facility and hygienic nature of a swimming pool environment.

- Renters may only bring new and unopened floatation devices or water toys. Used or previously opened items are not allowed because water illness and black algae can be carried on water toys used in open water areas, when in doubt clear your toys with our Assistant Director or Pool Operator just in case. Everyone's health comes first.
- Floatation devices cannot be used in replacement of adult supervision. All swimmers under 48 inches with floatation devices are required to be in the water with an adult at all times.
- Floatation devices are not allowed in the deep end of the pool. Unless for a specific activity cleared with the shift supervisor. (I.E. The entire party is participating in a relay race for 5 minutes and everyone has passed the swim test)
- The stairs are for pool entry and exit purposes and cannot be used as a wading area for children. Stairs must remain clear at all times, so as not to impede entry and exit and to preserve hand rail.
- S.M.R.D may limit the amount of floatation devices, toys or other miscellaneous in water items.
- Food is only allowed in patio and lobby areas. Should extreme wind or rain occur, renters are able to move food items into our lobby areas.
- Open flames are not allowed during rentals. Propane or gas-powered grills are allowed for your rental.
- **All children who are not potty trained must wear a swim diaper.** Regular diapers may burst or leak. Feces in pool water spread a host of infectious diseases. One child could contaminate thousands of gallons of water. Anyone who has diarrhea within the past two weeks should stay out of the water. If a child defecates in the water, please notify a lifeguard or pool manager. Changing tables are located women's locker rooms. Please do not use poolside tables for changing diapers.
